

WHAT WE DO:

Supply of all kind of Steel Structure build materials.

- I- beams, U- channels, Angle bars, pipeline steel materials etc., of various lengths, sizes and thickness.
- Heavy duty installation accessories .
- All kinds of control and regulatory valves of various kind and sizes.

Building, Fabrication, Erection and Installation, of Steel Structure:

- Metal steel structures
- Factories
- Water / fuel or gas Pipeline
- Warehouses
- Fluid Separators vessels
- Corrugated tank vessels
- Steel stockiest
- Sound proof generator housing
- Gentries Preheater etc.

Provide Maintenance Services and Repairs on Steel works:

- Corrosion controls
- Leakages
- Pipeline corrections
- Maintenance services on the above listed steel works

Authorised Agent :

WHAT WE DO: OXYGEN ANALYZER INSTALLATION, MAINTENANCE AND CATHODIC PROTECTION ANTI CORROSION SOLUTION

Supply, installation and maintenance of :

- Oxygen Analyzer installation and maintenance
- **Cathodic protection** for Gas line, high voltage cable hangers.
- Painting of Exposed (**epoxy paint**).
- Installation of **H₂S measurement & guarding system** at the biogas plant of WWTP (inlet and outlet of biogas scrubber and a controller with a redundant line to provide feedback).

Installation of **H₂S gas guarding system** on top of the reactor; and on the biogas scrubber and treatment area.

- Installation of Automatic **Condensate Purging unit** on NG supply line.
- Installation of **CH₄ leakage detection; gas fire/flame detection and CH₄ Guarding Systems** at the Biogas plant (WWTP), Boiler and Generator plants areas where Biogas/Natural Gas is used or generated.

WHAT WE DO: FIRE PROTECTION SYSTEMS

Supply Fire Equipment

- Fire Pumps and Hydrant System
- Fm 200 systems
- Extinguishers and fire Alarm systems
- Environmental Monitoring Systems
- Very Early Detection System (VESDA)
- HSE Personal Protective Equipment

Install Fire Equipment

- Fire Pumps and Hydrant System
- Fm 200 systems
- Extinguishers and fire Alarm systems
- Environmental Monitoring Systems
- Very Early Detection System (VESDA)

Maintenance and Consulting service on

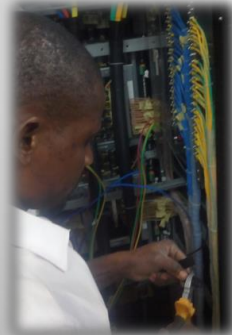

- Fire Pumps and Hydrant System
- Fm 200 systems and Very Early Detection System (VESDA)
- Extinguishers and fire Alarm systems
- Environmental Monitoring Systems
- HSE Development

WHAT WE DO: PUBLIC ADDRESS SYSTEMS INSTALLATIONS AND CCTV INSTALLATIONS

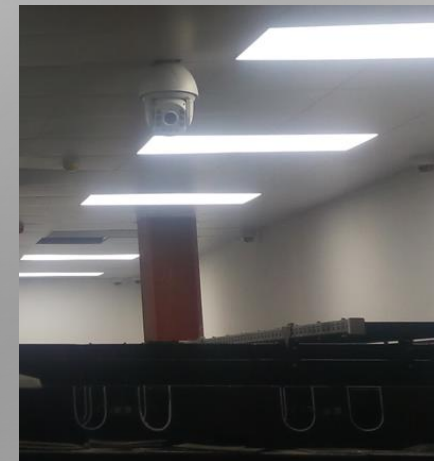

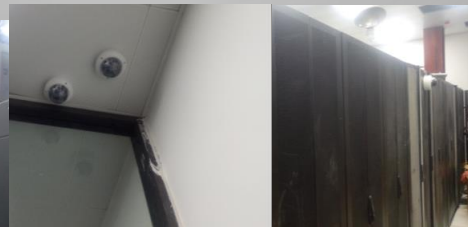

Supply and Install all kinds of cameras and Supply and Install Public Addressable systems and Maintenance and Consulting service on:

- Dome cameras
- IP cameras
- Motion activated cameras
- Night vision cameras
- Wireless cameras

Supply and Install Public Addressable systems and Maintenance and Consulting service on:

- Low voltage sound systems with wide coverage and clarity.
- Wireless sound systems
- Wide range Transmitters
- Durable and light weight speakers.
- Multipurpose voice controller.

WHAT WE DO: FIRE PROTECTION SYSTEMS

Supply Fire Alarm system Equipment

- conventional fire alarm systems
- Addressable fire alarm systems
- Wireless conventional fire alarm systems
- Wireless Addressable fire alarm systems
- Fire alarm panels and components and accessories.

Install Fire Alarm system Equipment

- conventional fire alarm systems
- Addressable fire alarm systems
- Wireless conventional fire alarm systems
- Wireless Addressable fire alarm systems
- Fire alarm panels and components and accessories.

Maintenance and Consulting service on Fire Alarm system

- conventional fire alarm systems
- Addressable fire alarm systems
- Wireless conventional fire alarm systems
- Wireless Addressable fire alarm systems
- Fire alarm panels and components and accessories.
